

QSE-VET

*Quality standards for evidence-based
education: indicator 5 and 6 of EQAVET*

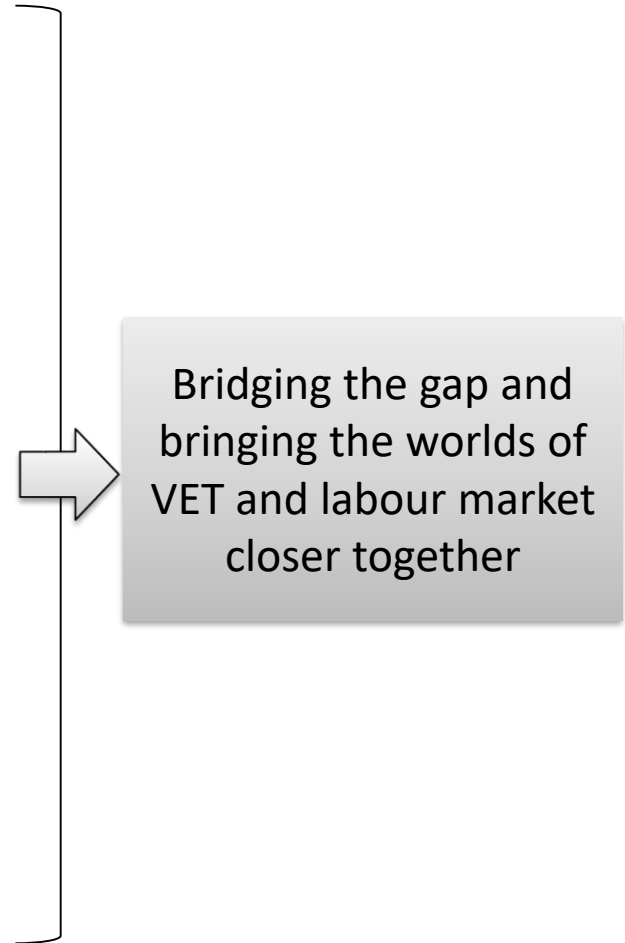

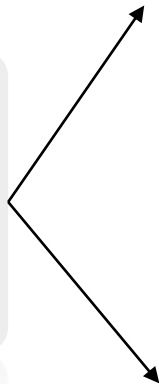

Why QSE-VET?

**Organisation for Economic
Cooperation and Development**

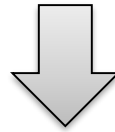

European Commission

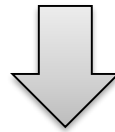

Objectives

To elaborate guidelines with relevant operational indicators and best practices

Providing:

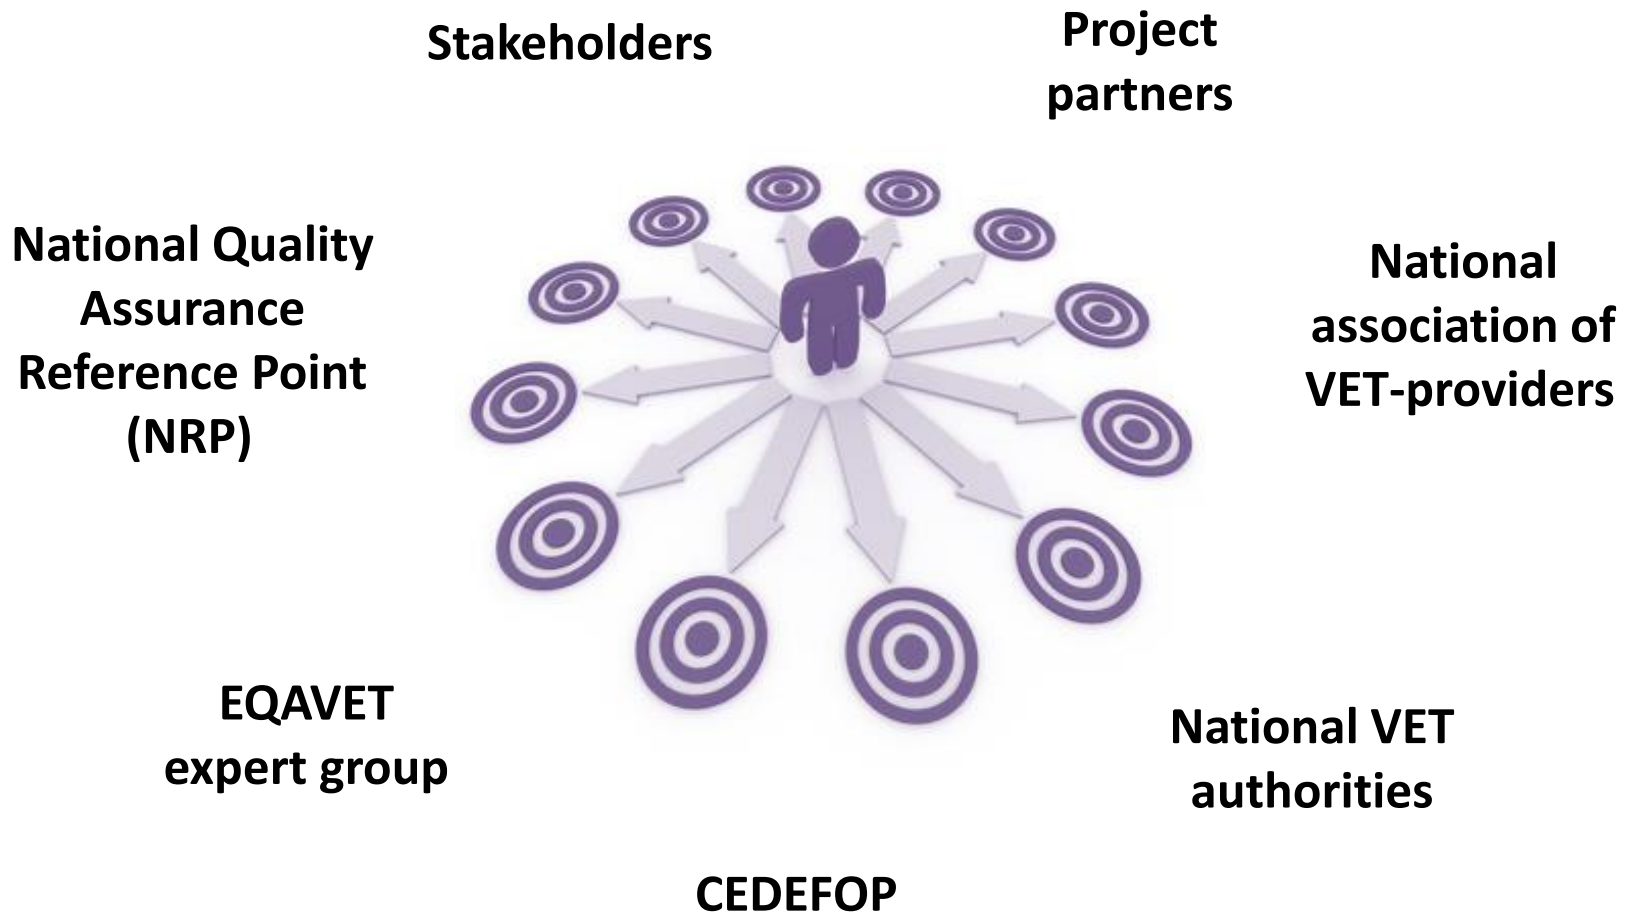

- Basis for European policy development of EQAVET, especially with regards to indicator 5 and 6
- Necessary methods for VET authorities and VET provider

Measuring the quality of acquired competences takes into account the demands of companies and industry.

Target groups

WP2

Project Establishment & Kick off meeting
Project Management

WP3

Awareness raising on evidence-based VET (EBVET)

WP4

Study on gaps in policy and implementation of EBVET in EU

WP5

Elaboration of draft guidelines and method statements

WP6

Test and finalisation of guidelines and methods

WP7

Quality Assurance management framework

WP8

Evaluation and impact assessment

WP9

Dissemination, exploitation and Final Conference

QSE-VET Structure - Work Packages

WP1
WP2

Project Establishment & Kick off meeting
Project Management

1

Kick off meeting

8-9 February 2018, Larissa (Greece)

2

Project Management Meetings

2nd 4-5 October 2018, Rome, Italy

3rd March 2019, UK

4th September 2019, Denmark

5th March 2020, Sweden

3

4

Management Reports

QSE-VET Structure - Work Packages

WP3

Awareness raising on evidence-based VET (EBVET)

Aim: To prepare the involved stakeholders for WP4 and WP5

Duration: February 2018 – February 2019

3.1

Assessment interview

for the stakeholders regarding their quality assurance approach to relevant aspects of EBVET

3.2

Marketing material

- Printed poster
- Text document
- Evaluation questionnaire
